

This diagram shows an exploded view of a four-part assembly. The components are arranged vertically, showing their relative positions and how they fit together. From top to bottom, the parts are: a flat square plate with two circular holes; a flat square plate with a central triangular cutout; a trapezoidal plate with a sloped top edge; and another trapezoidal plate with a sloped top edge. The bottom-most part is a rectangular plate with a central triangular cutout, which appears to be the base of the assembly.
